

EXPERIENCE

- ❖ **CEO @ Talentid.app – Product-Led Growth & Strategic Execution, Hyderabad IN** (Feb '23 – Till date)
 - Spearheaded and scaled a cross-functional team of 12+ across product, design, and engineering.
 - Co-built and co-designed a SaaS platform from 0 → 1, focused on solving candidate joining prediction for startups and enterprises.
 - Conducted in-depth SWOT analysis to align product-market fit and growth opportunities.
 - Designed and executed full-funnel marketing strategies (targeting, positioning, promotion), then tracked, analyzed, and optimized for maximum ROI and brand recall.
 - Led product research, UX exploration, and wireframing cycles — always user-first.
 - Orchestrated seamless collaboration between designers and developers to launch intuitive, high-conversion features.
 - Oversaw end-to-end product lifecycle using agile tools like Asana, Trello, and Jira.
 - Engineered sales + marketing funnels that convert — from lead gen to retention.
